

BETTER HD FORKLIFT RADIATORS

Better by Design. Engineered for Life.

American Cooling Solutions drop-in replacement HD+ Radiators set the standard by which all others are judged. Engineered for durability and performance.

Reinforced Composite OEM Grade Tanks to Ensure Structural Integrity

Pressed Tanks Designed for Exact Direct Fitment

- Direct OEM Fitment
- **100% leak tested** at the factory: Every unit is tested (100%) for leaks before being released to packaging. Install with full confidence right from the box.
- Two styles of fins at **multiple densities** to cover every situation.
- On applicable models, **stacked plate oil coolers** for dependable strength and performance.
- **Hardware components included** in the box as required.
- All of our boxes are plain brown packaging, allowing for customer private labels and clean appearance.
- Inside, the **product is protected** by a bag or corrugated core face cover along with strategically placed foam packing inserts. All kits are immobilized to prevent damage during transit.
- Engineering and Quality control in the USA. Our engineering staff, located in South Dakota, **directs and controls all aspects of quality & product specifications**. Our South Dakota assets include an on-site OEM testing and validation lab including; wind tunnel, pressure and thermal cycle testing, and metallurgical analysis among others.
