

Special Product Announcement

Genuine Mopar Rear Evaporator TXV Expansion Valve Kit

American Cooling Solutions has a large stock of new OEM TXV valves. These valve are not imported copies but the genuine article. We inherited all the TXV valves after the end of program for OEM Evaporator/TXV production where over a million evaporator assembly's were produced. The TXV is to the exact OEM specifications. They are made by EGELHOF Germany and assembled here in the USA.

- We have bulk discounts available: 1-99 pieces, 100-999 Pieces, >1000 pieces
- While supplies last- we can beat any price of imported copies!

*Ships from our Sioux Falls area, South Dakota location
